                              CALL NEW

#### Description

The NEW command is the same as the EXTENDED BASIC MANUAL page 126. NEW can only be used from edit mode. But now CALL NEW can be called from program mode. As expected all values are reset and all defined characters become undefined. Any open files are closed. Characters 32 to 95 are reset to their standard definitions. The TRACE and BREAK commands are canceled. The program is erased from memory.
